COMING SOON, INSHA-ALLAH:

Front coverS of the Beirut, Lebanon, and New York, U.S.A. edition of Volume One of Nahjul-Balagha:

تصميمي البسيط لترجمتي لكتاب الشيعة هم أهل السنة للدكتور محمد التيجاني، و هي الطبعة الأولى؛ Cover of al-Jibouri's translation of *Shi`as are the Ahl al-Sunnah*, one of the books written by Dr. Muhammad al-Tijani al-Samawi. Al-Jibouri designed its covers, re-wrote its first two chapters, numbered all its Qur'anic verses, provided the A.D. dates for all Islamic lunar dates and added some footnotes. Both al-Jibouri and Nasir Shamsi deleted all inflammatory sectarian statements from the translated text, thus improving its chances to be read by moderate and open-minded Sunni Muslims. It was first published by Vantage Press of New York in 1996; it has been reprinted a number of times, and it carries the Library of Congress Catalog Card No. 96-90442, ISBN 0-533-12055-1.

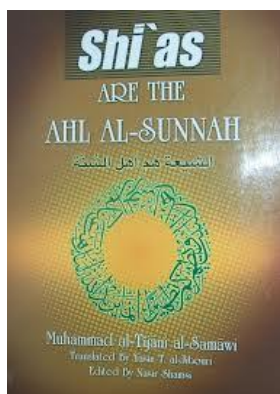

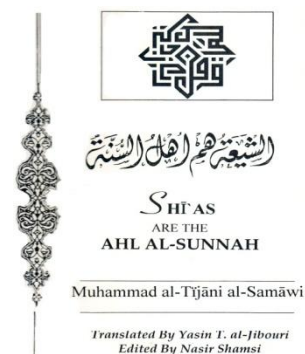

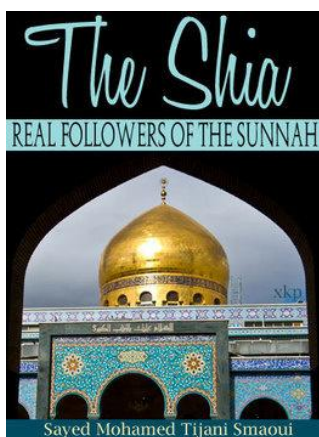

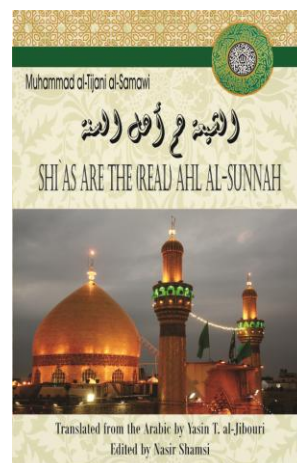

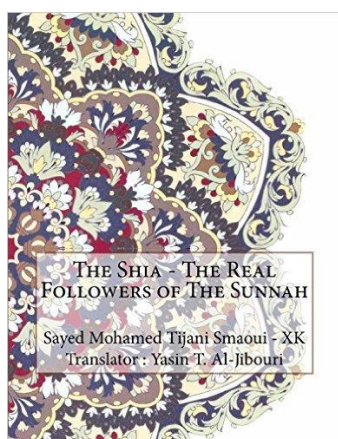

Image of al-Jibouri's translation titled *Shi`as are the Ahl al-Sunnah*. Presently, the name of its Publisher is unknown, but it is likely published by Ansariyan of Qum, Iran. This image was obtained from an Internet advertisement.

تصميمي للطبعة الجديدة من ترجمتي لكتاب الشيعة هم أهل السنة للدكتور محمد التيجاني Front cover design for the new U.S. edition of al-Tijani's book *Shi`as are the (Real) Ahl al-Sunnah* which al-Jibouri translated. It has already been printed in the U.S. by Authorhouse, ISBN: 978-1-4918-4368-0 soft cover, ISBN: 978-1-4918-4366-6 hard cover edition; ISBN: 978-1-4918-4367-3 electronic edition

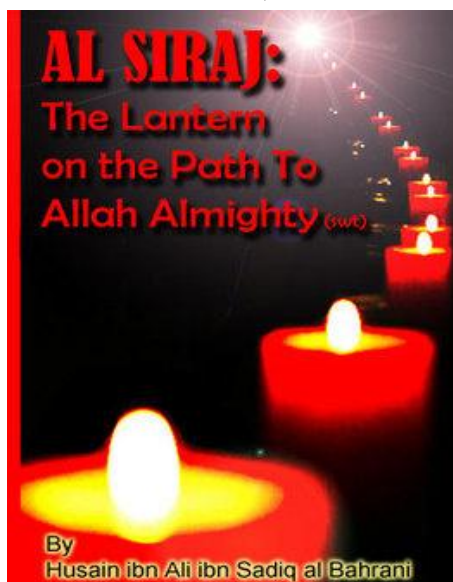

Internet advertisement of the same translation under the title *The Shia - The Real Followers of The Sunnah*. This book can best be described as an inquiry of an explorer of the truth into the delicate yet essential question of: "Who is better qualified to the claim of being a follower of Islam's Prophet in spirit and in practice?" Translated from the Arabic by Yasin T. al-Jibouri- Published by: Pyam-e-Aman, Bloomfield, New Jersey 07003, U.S.A.

This is a unique translation, one of al-Jibouri's best: Each page is in Arabic faced by its English translation. It was a tough translation due to most texts in it going back to more than a thousand years.
